SUBJECT: 2002-03 Free and Reduced Price Income Eligibility and Policy Information

**PLEASE READ CAREFULLY**

The 2002-03 attached Free and Reduced Price Policy information announces the income eligibility scales for the 2002-03 school year and provides each school food authority (SFA) with the forms and guidance needed to process applications for free and reduced price meals and/or milk. This packet reiterates the most recent information needed to make eligibility determinations.

This packet contains:

**Required** information that *must* be provided to households:

- Letter to households
- Free and reduced price school meals/milk application

**Optional** application-related materials that may be provided to households:

- Sharing information with medicaid/Child Health Plus
- Sharing information with other programs

Increasingly, the number of children eligible for free and reduced price meals is used to allocate State and federal and even local funds. When the data is incorrect because ineligible families have been approved for free and reduced price meals, there is a significant misdirection of funds. New York State and the United States Department of Agriculture (USDA) are taking steps to ensure the integrity of our data, which is rapidly becoming the proxy for identifying poverty.

We have modified our free and reduced price application in order to facilitate the review process and eliminate confusion by eligible families applying for benefits. We also are reiterating some of the regulations so that persons reviewing applications have a better understanding of their responsibilities.

Specifically:

1. You must have a new correctly approved application or direct certification letter on file as of October 1, 2002. You cannot use last year's application information after September 30, 2002. If your school year begins in July, new applications must be obtained by August 1, 2002 or the child must be claimed in the paid category. We recommend you begin contacting families in mid-September to obtain current eligibility data to ensure access to all children who qualify. This would also assist you in your efforts to provide information on free and reduced price eligibles on the Basic Educational Data System (BEDS) report in early October. As you are probably aware, BEDS data is used for a variety of funding formulas that will affect your school and community.
2. Temporarily approved applications where the family has reported zero (0) income, (not applications with missing income) must be reviewed every 45 calendar days. You are expected to document dates and results of your contact with each family to assess their current household income every time the 45 days expire to ensure the application is still valid. This year we have provided a prototype letter to send to parents to obtain this information (Attachment XV).
3. Only complete applications with zero income written in can be temporarily approved. Applications missing required information, such as income, must be denied if the missing information cannot be obtained.
4. Additional children cannot be added on a direct certification letter. You must obtain an income application for those children whose names are not indicated on a direct certification letter.
5. Administrative prerogative as described on page 20 of this packet is a very restrictive option that must be used judiciously and only when it can be determined through an independent source(s) that family income qualifies a child. This option is available only when exhaustive efforts to obtain an application from the family have been documented. The source of the documentation of household size and income information must be noted on the application.

**6. Treatment of Military Housing Allowance for Families in “Privatized Housing” For Purposes of Determining Eligibility in the Child Nutrition Programs**

Effective May 13, 2002, certain housing allowances are excluded from consideration in total income in the school nutrition programs, the National School Lunch Program, School Breakfast Program, the Special Milk Program and the Summer Food Service Program. In some instances, military personnel living in privatized housing receiving a housing allowance will not include this allowance in their total income when evaluating household eligibility for free or reduced price meals or free milk. The Military Housing Privatization Initiative, refers to the operation of military housing under private contractors at military installations at a number of military bases. A housing allowance is given under this privatization initiative, which is shown on the leave and earnings statement of military personnel living in the housing provided. This income exclusion is only for those military personnel living in the housing provided by the Military Housing Privatization Initiative. It does not apply to those military personnel living off base in the community neighborhood in the general commercial/private real estate market.

**7. Treatment of U.S. Armed Forces Family Subsistence Supplemental Allowances (FSSA)**

The Floyd D. Spence National Defense Authorization Act of Fiscal Year 2001 (Public Law 106-398) requires the Armed Forces to pay certain low-income service members and their families a family subsistence allowance not to exceed \$500 per month to reduce the number of service members and their families who rely on food stamps. The Armed Forces will pay the FSSA payment to eligible service members beginning June 1, 2001. For Child Nutrition Program (CNP) eligibility determination purposes, the FSSA payments must be counted as earned income to the household. There is no legislative authority that would permit the exclusion of FSSA payments from consideration as income in the CNP. We have been advised that the Leave and Earnings Statement for the Marines will identify the payment as "FSSA". The Leave and Earnings Statement for the Army, Navy and Air Force will temporarily identify the payment as "Saved Pay" and subsequently be changed to identify the payment as "FSSA". Please note that some military families receiving FSSA payments may still be income eligible for free or reduced price meal benefits. Other military families receiving FSSA payments also may be certified to receive food stamp benefits (despite the FSSA payment); these families would be categorically eligible for free meals in the CNP.

**8. Food Stamp and Temporary Assistance to Needy Families (TANF) Application**

School officials must familiarize themselves with valid food stamp/Temporary Assistance To Needy Families (TANF) case numbers before beginning the application approval process. They need to contact their local Department of Social Services, prior to reviewing applications to determine how to recognize a valid number. For example, in Albany County if a family received TANF or public assistance, a P will precede the six digit number (P123456). If a family receives only food stamps, an F will precede the six digit number (F123456). It is imperative that food stamps or TANF applications are correctly approved with proper numbers to prevent potential fiscal sanctions being assessed against the SFA. If families do not know their food stamp or TANF numbers, they could either (1) contact their local Department of Social Services to obtain their number (2) complete sections 4 and 5 of the application or (3) submit their direct certification letter. Applications with invalid case numbers should not be approved. Families receiving food stamps or TANF no longer have a benefit issuance card that contains the information identifying that the family is currently eligible for benefits or their food stamp or TANF number. While there are several numbers on a benefit issuance card, none are the food stamp or TANF numbers required for the application for free meals/milk. The benefit issuance card may be used for medical assistance rather than TANF or food stamps. Families must refer to the letter they received from their local Department of Social Services to obtain their food stamp or TANF numbers.

**9.** Applications must be retained for three years plus the current year. If applications are lost, misplaced, damaged, etc., the SFA could lose reimbursement for free and reduced price meals.

**10.** Special education students are not automatically eligible for free meals. These students qualify for free, reduced price and paid meals by using the same income guidelines or categorical criteria used for all students. The SFA may claim special education students for free or reduced price reimbursement only if a correctly approved application is on file.

**11.** Houseparents may complete and sign an application for children in their care who reside in residential child care institutions.

12. Any and all contact with families regarding eligibility can and should be documented on the application.
13. If an application lacks how frequently income is received, e.g., weekly, monthly, etc., the reviewing official will process the income as weekly OR place a call to the family before approving since income information is not complete.

## **REMINDERS**

### **Foreign Language Applications**

- A. We now have camera-ready prototype copies of applications in 18 translated foreign languages: Thai, Spanish, French, Portuguese, Creole (Haitian), Japanese, Vietnamese, Hmong, Russian, Laotian, Mandarin Chinese, Cambodian, Urdu, Somali, Croatian, Korean, Serbian and Hindi. Each packet contains a letter to households, an application, instructions on how to complete the meal benefit application, a chart for yearly income eligibility guidelines, a waiver for information for health insurance, a verification selection letter to parents and a verification letter of results and adverse action. Contact your respective Child Nutrition Representative for the forms you need.

### **B. Disclosure**

The Healthy Meals for Healthy Americans Act of 1994, P.L. 103-448 amended Section 9(b)(2)(c) of the National School Lunch Act (NSLA) to allow limited disclosure of information about free and reduced price meals and/or free milk eligibility without parent/guardian consent. SFAs are not required to disclose eligibility information. Providing aggregate information that does not identify individuals continues to be permitted without parental consent.

#### **Disclosure of Eligibility Information Without Parent/Guardian Consent**

You may disclose, without parent/guardian consent, participants' names and eligibility status (whether they are eligible for free or reduced price meals or free milk) to persons directly connected with the administration or enforcement of the following programs:

1. Federal education programs such as Title I and National Assessment of Education Progress (NAEP).
2. State health or State education programs, provided the State agency or local education agency administers the program. Representatives of State or local education agencies evaluating the results and compliance with student assessment programs would be covered only to the extent that the assessment program was established at the State, not local level. This includes the System for Tracking Education Performance (STEP) which is a State electronic reporting system.
3. Federal, State or local means-tested nutrition programs with eligibility standards comparable to the National School Lunch Program (NSLP), such as the Food Stamp Program.

In addition to names and eligibility status, you may disclose, without parent/guardian consent, all eligibility information obtained through the free and reduced price meal or free milk

eligibility process, including all information on the application or obtained through direct certification or verification, to the following:

1. Persons directly connected with the administration or enforcement of the programs authorized under the NSLA or Child Nutrition Act (CNA) of 1966. This includes the NSLP, the School Breakfast Program, Special Milk Program, Child and Adult Care Food Program, Summer Food Service Program and the Special Supplemental Nutrition Program for Women, Infants and Children (WIC). Program eligibility information collected for any one of the Child Nutrition Programs (CNPs) may be shared with another CNP, even if the programs are sponsored by different entities. For example, a school may disclose eligibility information from applications without parental consent to a Summer Food Service Program administered by Parks and Recreation.
2. The Comptroller General of the United States.
3. Federal, State or local law enforcement officials investigating alleged violations of any of the programs under the NSLA or CNA or investigating violations of programs authorized to have access to names and eligibility status of participants.

While not a requirement, it is recommended that you inform households that you plan to disclose or use eligibility information outside the originating program. The notice of potential disclosure may be included in the notice/letter to households that accompanies the free and reduced price meal or free milk application, or on the application. The notification should state that the participants' names, eligibility status and other information provided on the application obtained through direct certification or verification may be disclosed to certain other federal, State or local agencies as authorized by the NSLA. The prototype free and reduced price parent letter, and the application included in this Eligibility Guidance contain a statement of potential disclosure.

### **Disclosure of Eligibility Information Requiring Written Parent/Guardian Consent**

The disclosure of participants' names and any eligibility information that identifies them individually to programs or individuals not specifically authorized by the NSLA requires a written consent statement from the parent/guardian. Some of the programs that may request eligibility information for which parent/guardian consent is required prior to disclosure include:

1. Federal health programs such as Medicaid or the Children's Health Insurance Program (CHIP) which is called Child Health Plus in New York State.
2. Local health and local education programs and other local level activities. For example, the disclosure of children's eligibility for free or reduced price meals to determine eligibility for free textbooks, free band instruments, holiday baskets, free turkeys, school supplies, etc., reduced fees for drivers' education programs or summer school requires written parent/guardian consent since they are local initiatives and not State programs.
3. Any other federal, State or local program or individual not included in the statute.

In addition, the disclosure of information beyond the names and eligibility status to the programs that are only authorized to receive participants' names and eligibility status, such as family size, also requires parental consent. If you are interested in providing information to agencies enrolling children in Child Health Plus or Medicaid, refer to the August 2000

memorandum entitled “Disclosure of Free and Reduced Price Data.” You can obtain a copy from your Child Nutrition Representative.

### **Parent/Guardian Consent Statement**

The parent/guardian consent statement must contain the following information:

1. It should identify the information to be shared and how the information will be used.
2. It should be signed and dated. Although any adult household member may sign the application for free and reduced price meals or free milk, the parent or guardian of the child must sign the consent statement.
3. It must state that the failure of the parent/guardian to sign the consent statement will not affect their child’s eligibility or participation in the child nutrition program and that the information will not be shared by the receiving program or another entity or program.
4. It should state that the parent/guardian can limit consent to only those programs with which he or she wishes to share information. For example, the consent statement could use a check-off system under which the parent/guardian would check or initial a box to indicate for which program they want to have information released.

A prototype letter to parents concerning disclosure of information requiring parent/guardian consent and a consent statement are included in this guidance.

### **GENERAL INFORMATION**

- You must complete the Certification of Acceptance form annually (Attachment XIII or XIV) and maintain it on file for three years plus the current year.
- Income eligibility guidelines, which must be used for the CNPs, are based on the federal income poverty guidelines and are stated by household size. The information in both scales must be used for eligibility determinations and must be included in the public release to the local newspaper, the local unemployment office, and any major employer contemplating large layoffs in the area. However, only the reduced price scale may accompany the parent letter and application in those schools participating in the National School Lunch Program and/or School Breakfast Program. Including the free scale with the parent letter and application will result in the SFA being ineligible to receive free reimbursement. The SFA will also have to reissue the parent letter with the proper scale and application form.
- SFAs opting to use alternate counting and claiming procedures (Provision 2) as described in the April 1999 memorandum must retain applications for three years plus the current year following the end of the provision they used.

## DIRECT CERTIFICATION FACT SHEET

Direct certification is the process which enables children from families receiving food stamps or Aid to Dependent Children (ADC) to receive free meals or free milk at school **without having to complete an application**. In New York State, ADC is the program used to disseminate Temporary Assistance to Needy Families (TANF) funds. ADC/TANF has replaced Aid to Families with Dependent Children (AFDC) as a result of welfare reform legislation. In conjunction with the State Education Department, the New York State Office of Temporary and Disability Assistance (TADA) is sending a letter to all families with school-age children (ages 4-18) who currently receive food stamps or ADC/TANF benefits. This letter (sample follows) can be submitted to the child's school as certification of eligibility of the child/children listed for free meals or milk **in lieu of the family completing an application for free meals/milk**. School food authorities (SFAs) must still provide every family with school-age children the free and reduced price application and parent letter.

Direct Certification results in more students gaining access to the school nutrition programs, because some parents do not complete the application forms correctly or do not submit applications. Since direct certification letters do not need to be reviewed for completeness, administrative time incurred by reviewing officials to process applications will be reduced. Additionally, direct certification letters are not subject to the verification process and will reduce the number of applications which schools must verify, thereby further reducing administrative time and cost.

To deter ineligible families from receiving benefits, the letter from TADA will use three different fonts or print styles - one for the family name and address, another for the body, and a third for the listing of eligible children.

Families must submit the original letter to the child's school in order to protect the integrity of the process.

Record-keeping and reporting requirements for children whose eligibility is obtained from these direct certification letters are the same as for free and reduced price application forms. They must be:

- retrievable by building, where the child is fed;
- and maintained for three years plus the current year, regardless of the child's actual attendance during this period

Please ensure that principals, teachers and the school lunch director in your district/school are made aware of this method of certification for free meals/milk and the name of the reviewing official. In the event that some students present them with a direct certification letter, they would be able to forward it directly to the reviewing official for immediate processing.

**Reviewing officials often want to require families to identify each child's school and grade before the Direct Certification letter can be processed. Children are automatically entitled to benefits based on the fact that they receive food stamps or ADC/TANF benefits. The State or the school food authority (SFA) cannot and should not impose an additional standard. Our goal is to expedite, not complicate the process.**

The number of children eligible for program benefits as a result of direct certification must be included on reimbursement claim forms when reporting numbers of approved applicants. Schools can use last year's applications and direct certification letters **only** until September 30, 2002 (July 31, 2002 if school starts in July). Parents or guardians have the right to decline the meal benefits and must be informed of this right and the process to do so.

SFAs that participate in the Child and Adult Care Program and/or Summer Food Service Program may use the direct certification letter for these programs also.

The following questions and answers will assist you in responding to questions regarding direct certification:

**1. *Does direct certification apply to my child who attends a school that doesn't have a lunch or a breakfast program?***

Direct certification applies to children who attend schools where the federal government pays for the milk served to children and free milk is available to eligible students. Contact the school principal or school lunch director to find out if the school participates in the Special Milk Program with the free milk option.

**2. *Do these free meals apply to any food that my child obtains at school?***

Direct certification applies only to meals served to your child under the National School Lunch, School Breakfast, and Special Milk Programs. It does not apply to food obtained separately (ala carte items or an ala carte type of school food service program).

**3. *Does this apply to my child who attends a nonpublic school?***

Yes, if the nonpublic school participates in the National School Lunch, School Breakfast, or Special Milk Programs. Contact the school principal to find out if the school takes part in any of these federal programs.

**4. *What if one of the children listed lives in my household, but is not my child?***

Kinship is not a factor in establishing the child's eligibility. Fill in the name of the school and grade the child attends and return the TADA letter to the school.

**5. *What if one of the children listed is no longer in my household?***

Indicate on the letter that the child is no longer in the household, and complete the information for the children who are still in your household. Return the letter to the school.

**6. *What should I do if one of my children is not listed on the letter?***

If there are children in your family whose names do not appear on the TADA letter, or who are under 4 years of age or over 18 and attend a school that participates in the School Lunch, Breakfast, or Special Milk Programs, you must complete a free and reduced price meal application for the children to receive program benefits. **You cannot add names to the TADA letter.**

**7. *How do I notify the school about changes in income or loss of benefits?***

Send a note or call the school official identified in the letter to parents that you received with the Application for Free and Reduced Price School Meals/Milk.

**8. *What do I do when my children go to different schools in the same school district?***

Send the letter from TADA to the school of one of the children. The school administration will be responsible for making any necessary copies and giving the information to the other schools within the same school district.

**9. *What do I do when my children go to different schools in different school districts?***

You should send the TADA letter to the school district where most of your children attend school. Attach a note asking the school administrator to send copies of the letter to all of the other schools your children attend.

**10. *What do I do when some of my children go to public school and some go to private schools?***

If all the schools that the children attend are within New York State and all provide milk or meals under the Special Milk Program or the National School Lunch and/or the School Breakfast Programs, you can send the letter to the school attended by most of your children. Attach a note asking the school administrator to send copies of the letter to all of the other schools listed.

**11. *Can my preschooler (four-year old), who is listed on the letter, get free lunch or free milk?***

A four-year-old child can only receive the free milk or free meal benefits if the child is enrolled in a school.

**12. *Can I refuse to accept these free meals for my children?***

Yes, you can refuse these benefits by not sending the letter from TADA to the school.

**13. *What if one or more of my children doesn't like school lunch? Can I refuse the free meals for some of the children listed in the letter?***

By federal regulation, the school must provide the same free meal benefits for all the children in the household. Even if only one child likes the school lunches, you should accept the free meal benefits. The meals will be made available to all the children, but they are not required to take them.

- 14. *If my child qualifies for free school meals, can he/she get free milk when he/she brings a lunch from home to school?***

No. The school cannot give your child free milk in schools where free meals, which include milk, are available to students. The school can give free milk only to its half-day pre-kindergarten and kindergarten students, who are not in school during the meal service, providing the school participates in the Special Milk Program with the free milk program.

- 15. *If my child qualifies for free school meals, can he/she get free milk at recess time?***

No. The free meal benefits apply only to complete meals in schools offering lunches or breakfasts for which the federal government makes payments to the school.

- 16. *Is free milk for pre-kindergarten and kindergarten students only?***

Not necessarily. If the pre-kindergarten and kindergarten students are half-day students and are, therefore, not in school when breakfast and lunch meals are served, these children are eligible for free milk. Free milk is available to any student in a school where the federal government pays for milk under the Special Milk Program, but does not pay for meals, and the school has opted to offer free milk.

- 17. *Can my child, who is home schooled, get a free lunch when he/she makes use of other school facilities?***

Federal regulations restrict the availability of the free meals to enrolled school children. Free school meals are not available to the home-schooled child.

- 18. *Can my child who has graduated from high school but is living in my household, get free meals at school if he/she is listed on this letter?***

No. Only enrolled students are eligible to take part in these benefits.

- 19. *What if no child in my household is old enough to be responsible for getting this letter to the school?***

If you are uncomfortable about having a child take the letter to the school, either mail it or take it to the school yourself. The school must have an approved application or this letter on file so it can give your child a free meal or free milk.

- 20. *When will my child receive free meals or free milk?***

Any child who received free meals last year will get free meals/milk at the start of school this year. If your family is new to the school system or first-time recipients of free meal benefits, you should call the lunch director or principal of the school.

**KEEP THIS BOOKLET ON FILE:** Insert copies of public release, application form, and parent letter(s) used by your school for free or reduced price meal and/or milk benefits during the 2002-03 school year.

**Change in Authorizing Signature:** There is no federal requirement which describes who must sign Child Nutrition Program documents. The Child Nutrition Program regulations specify that an official of the SFA make written application to the state agency for any school in which it desires to operate the program. The SFA means the governing body which is responsible for the administration of one or more schools and which has the legal authority to operate the program.

The signature of the District Clerk as well as an officer of the Board of Education such as President and Vice President are accepted for the forms.

The Board of Education may delegate the Chief Administrative Officer to act as its agent with regard to entering into contracts and agreements for the Child Nutrition Programs. This policy **will not** permit the chief administrative officer's signature in lieu of board action, but will permit the chief administrative officer to sign, in all respects, **after** the board resolution.

## ***INTRODUCTION***

All schools participating in the federally assisted National School Lunch Program, School Breakfast Program, or Special Free Milk Program **must** make these benefits available to eligible children each year. The State Education Department annually issues this free and reduced price policy booklet to all SFAs to assist in the correct implementation of these program requirements.

Each participating SFA must annually adopt the free and reduced price policy statement.

The 2002-2003 free and reduced price policy booklet consists of:

- the Policy Statement;
- application procedures;
- direct certification procedures;
- a prototype public release;
- prototype parent letters for meals and food substitutions for children with disabilities
- free and reduced price meal application
- the income eligibility guidelines as issued by the United States Department of Agriculture
- prototype parent letter regarding disclosure of eligibility information
- prototype parent consent statement to release eligibility information

Each is discussed below.

***Policy Statement:*** This statement sets forth the conditions which must be followed for the SFA to maintain participation in the Breakfast, Lunch, or Special Milk Programs and must be officially adopted each year. Completion and signing the Certification Statement (Attachments XIII or XIV) acknowledges the SFAs adoption of this policy statement.

***Direct Certification:*** This process enables children from families receiving food stamps or Aid to Dependent Children/Temporary Assistance to Needy Families (ADC/TANF) to receive free meals or free milk at schools participating in the Child Nutrition Programs without having to complete an application.

***Public Release, Parent Letter, and Free and Reduced Price Meal Application:*** These attachments are in "prototype" form so that the SFA can personalize them. Any changes in the **content** of the release, parent letter, or application form **require prior approval**. Submit any changes to your respective Child Nutrition Office as identified on page 49. If the SFA uses the prototype letters in this policy booklet, there is no need for the SFA to send the State Education Department any information. We are no longer collecting the one page **Certification of Acceptance statement**. However, the forms (Attachment III and IV) must be completed and retained on file.

***Parent Disclosure Letter and Consent Statements:*** These attachments are in "prototype" form. Any changes in the content of the parent disclosure letter or consent statements require prior approval from your respective Child Nutrition Office.

***POLICY STATEMENT FOR FREE AND  
REDUCED PRICE MEALS OR FREE MILK***

\_\_\_\_\_, (District Sponsoring Agency or governing body) responsible for administration of one or more schools referred to as the school food authority (SFA), has entered into agreement to participate in the National School Lunch Program, School Breakfast Program, and/or Special Milk Program and accepts responsibility for providing free and reduced price meals and/or free milk to eligible children in the schools under its jurisdiction.

The SFA assures the State Education Department that the school system will uniformly implement the following policy with respect to determining the eligibility of children for free and reduced price meals in each school building under its jurisdiction which participates in the programs mentioned above.

In fulfilling its responsibilities, the SFA agrees to the following:

**A. Free Meals and (For Milk Only Schools) Free Milk**

To serve meals or milk at no charge to children from families approved by the SFA and whose income is at or below the income levels for free meals and milk listed on the annual income eligibility guidelines, or to children from food stamp households, Aid to Dependent Children/Temporary Assistance to Needy Families (ADC/TANF) households, households participating in the Food Distribution Program on Indian Reservations (FDPIR) that provide a case number, or households that provide a Direct Certification letter from the NYS Office of Temporary and Disability Assistance.

**B. Reduced Price Meals**

To serve lunch at a reduced price of \$.25 or less, and breakfast at a reduced price of \$.25 or less, to children from families approved by the SFA whose income is within the range of the annual income eligibility guidelines for reduced price meals.

**C. Special Conditions**

To serve free or reduced price meals or free milk to foster children in cases where the court or welfare agency is legally responsible for the child and the annual personal income of the child is not above the income for free or reduced price meals of a one-member family.

To provide free or reduced price meals or free milk to those children whose parents or guardians have become unemployed, provided the loss of income causes the family income during the period of unemployment to be within the eligibility criteria.

#### D. **Non-Discrimination**

1. That there will be no physical segregation of, or any other discrimination against, any child because of his/her inability to pay the full price of the meal or milk. The names of children eligible to receive free or reduced price meals or milk shall not be published, posted, or announced in any manner, and there shall be no overt identification of any such children by use of special tokens or tickets, or by any other means. Further assurance is given that children eligible for free or reduced price meals or free milk shall not be required to:
  - Work for their meals or milk.
  - Use a separate lunchroom.
  - Go through a separate serving line.
  - Enter the lunchroom through a separate entrance.
  - Eat meals or drink milk at a different time.
  - Eat a meal different from the meal sold to children paying the full price of such a meal or drink milk different from that sold to children paying the full price.
2. That in the operation of Child Nutrition Programs, no child shall be discriminated against because of his or her race, gender or sexual orientation, age, color, national origin, or physical or mental handicap.

#### E. **Hearing Procedures**

To establish and use a fair hearing procedure in cases of appeal by parents of the school's decision on applications and in cases where the school official challenges the correctness of information contained in an application or of the continued eligibility of any child for a free or reduced price meal or free milk. During appeal, hearing, and disposition of the case, the child will receive free or reduced price meals or free milk.

To maintain, for a period of three years plus the current year, records of all such appeals, challenges, and dispositions.

That in initiating the hearing procedure, the parent or local school official may request a conference to provide an opportunity for the parent and school official to discuss the situation, present information, and obtain an explanation of data submitted in the application and decisions rendered. Such a conference shall not in any way prejudice or diminish the right to a fair hearing.

That the hearing procedure shall provide:

1. A simple, publicly announced method for making an oral or written request for a hearing;
2. An opportunity to be assisted or represented by an attorney or other person in presenting its appeal;

3. An opportunity to examine, prior to and during the hearing, the documents and records presented to support the decision under appeal;
4. That the hearing shall be held with reasonable promptness and convenience and that adequate notice shall be given as to the time and place of the hearing.
5. An opportunity to present oral or documentary evidence and arguments supporting its position;
6. An opportunity to question or refute any testimony or other evidence and to confront and cross-examine any adverse witnesses;
7. That the hearing shall be conducted and the decision made by a hearing official who did not participate in making the decision under appeal or in any previous conference;
8. That the decision of the hearing official, who may not be the same person as the reviewing and/or the verification official, shall be based on the oral and documentary evidence presented at the hearing and made a part of the hearing record;
9. That the parties concerned and their designated representative shall be notified in writing of the decision of the hearing official;
10. That a written record shall be prepared with respect to each hearing which shall include: the decision under appeal; any documentary evidence and a summary of any oral testimony presented at the hearing; the decision of the hearing official, including the reasons therefore and a copy of the notification to the parties concerned of the decision of the hearing official; and
11. That such written record of each hearing shall be preserved for a period of three years plus the current year and shall be available for examination by the parties concerned or their representative at any reasonable time and place during such period.

**F. Reviewing Official**

A reviewing official shall review and make determinations of eligibility using the criteria outlined in this policy to determine which individual children are eligible for free or reduced price meals or free milk. The official should sign, date, and indicate eligibility determination on each application.

**G. Notice to Parents**

To send at the beginning of each school year, and whenever there is a change in eligibility criteria, to the parent or guardian of each child, a letter such as the prototypes in Attachment V or VI, including a form on which to make application for free or reduced price meals or free milk, and a parent disclosure letter and consent statement.

**H. Applications**

To advise parents to complete the application and return it or the Direct Certification letter received from the NYS Office of Temporary and Disability Assistance to the reviewing official for eligibility determination.

Such applications, direct certification letters, and documentation of action taken, will be maintained for three years plus the current year after the end of the school year to which they pertain.

To accept applications at any time during the year and to supply applications to any parent enrolling a child in a school for the first time.

To accept the eligibility of a child who transfers from one school to another under the jurisdiction of the SFA. Copies of the application or Direct Certification letter and eligibility dates should be retained with the records of both schools.

To inform parents of eligibility determinations. Parents must be notified in writing of the reason(s) for rejection of their application, notification of the right to appeal, instructions on how to appeal, and a reminder to parents that they may reapply for free and reduced price benefits at any time during the school year. Copies of rejection letters to parents must be maintained for three years plus the current year.

#### **I. Verification of Applications**

Verify the eligibility of applicant households **by December 15** in accordance with program regulations and annually maintain records as follows: (1) a summary of the verification efforts; (2) the total number of applications on file by October 31; (3) the percentage or number of applications verified; and (4) the total number of children represented on those applications selected for verification. Failure to do verification will result in the SFA being ineligible to receive free and reduced price reimbursement.

#### **J. Anonymity and Accountability**

To establish a procedure to collect money from children who pay for their meals or milk which prevents overt identification, and accounts, at the point of service, for the number of free and reduced price and full price meals served or the number of half-pints of free and full price milk served. The procedure(s) adopted will be used in order that no other child in the school will consciously be made aware, by such procedure, of the identity of the children receiving reduced price meals, free meals, or free milk.

#### **K. Amendments to Policies**

To submit to the State Education Department any alterations or amendments to the policy including eligibility criteria, applications, public announcements, etc., for approval prior to implementation. Such changes will be effective following approval by your respective regional office as indicated on page 49. Any and all changes in eligibility criteria shall be publicly announced in the same manner used at the beginning of the school year.

#### **L. Records**

To maintain a file of the following records for three years plus the current year after the end of the fiscal year to which they pertain:

1. All applications and Direct Certification letters returned and documentation of action taken.
2. Records of all appeals and challenges and their disposition.
3. All notifications of eligibility determinations, including benefit rejection letters.
4. Records of all verification efforts and resulting eligibility changes.

M. **Public Release**

On or about the beginning of the school year, a public release containing the same information supplied to parents and including both free and reduced price eligibility criteria should be provided to the informational media (local newspaper), the local unemployment office, and any major employers contemplating large layoffs in the areas from which the school draws its attendance. Documentation must be kept on file for three years plus the current year identifying where the public release was sent.

N. **Special Assistance - Provisions 1 and 2 (where applicable)**

For more information about Provision 1 or 2, refer to the April 1999 memorandum or contact the Child Nutrition Program representative for your area.

Provision 1: Biennially, notify parents, distribute and certify applications for free students in schools where at least 80 percent of all enrolled children are eligible for free or reduced price meals. Annually, notify, distribute, and certify applications for all other students enrolled in the school. Maintain accountability and recordkeeping requirements as mandated by program regulations for this alternate system.

Provision 2: In schools where all enrolled children, regardless of their category of eligibility, are served meals at no charge; notify parents, distribute, and certify applications for free and reduced price students once every four consecutive school years. For three years after the base year, the school is not required to count meals served by category for claiming purposes. After the base year, the building's monthly reimbursement is based on total meal counts and monthly claim statistics from the base year. Maintain accountability and recordkeeping requirements as mandated by program regulations for this alternate reimbursement system.

**\* If your school-year begins in September, you must notify Sandy Sheedy by September 1, 2002 if you intend to participate in Provision 1 or 2 for the 2002-03 school year. If your school year begins in July, you must notify Sandy Sheedy by July 1, 2002.**

O. **Administrative Prerogative**

In certain circumstances, when households fail to apply for free or reduced price meals, the nutritional needs of students who are obviously at an economic disadvantage may be addressed by local officials.

Using administrative prerogative, local officials may complete an application for a student known to be eligible if the household had applied. This judgmental option acknowledges the various reasons that a family may fail to apply for free or reduced price meals, such as lack of understanding, fear of authority, alien status, substance abuse, etc.

To exercise this option properly, an application must be completed on behalf of the student, based on the best family size and income information available. The source of this information must be noted on the application. Exhaustive prior efforts must be made by the SFA to obtain a completed application from the parent or guardian and efforts must be documented.

The names of all household members, a social security number, or an adult signature need not be secured. Instead, the name of the student, household size, estimated family income, and the administrator's signature must be provided. The household must be notified of the student's approval status for free or reduced price meals. These applications should be excluded from the verification process.

This option must be used judiciously and only after repeated efforts to obtain applications from families have been unsuccessful. It is to be used on an individual basis and not to provide eligibility determinations for large numbers of students. It also may not be used when family income is above the eligibility guidelines, even though the children are not coming to school with a meal or money. Family economic status must remain the criterion for administratively making the decision to place the student on free or reduced price meals.

1. ***Can a student be approved for free or reduced price meals without an application from the parent or guardian?***

Yes. Under special circumstances, a school official may fill out an application for a student whom they have reason to believe would be eligible if the household were to apply. However, the school must first attempt to obtain an application from the household. It should not be indiscriminately used to claim ineligible students for free meals or to generate aid for other federal programs.

2. ***How can a school show that attempts have been made to obtain the application from the household?***

Copies of mailings to the household and documentation of conversations with the parent/guardian or a responsible adult in the household must be kept on file. An administrator cannot arbitrarily qualify students from families who did not reapply from the prior year.

3. ***If the parent/guardian of the student cannot be reached or communicated with due to language barriers, etc., who may be contacted for household information?***

An employer, a Social Service official, immigration official, or a relative suggested by either the student or the student's teacher may be contacted to urge the household to apply.

4. ***Is there a specific time-period which the school must allow to pass before attempts to obtain an application are deemed unsuccessful?***

No specific time-period is required. The process should be facilitated as quickly as possible so that the student is not going without meals in school.

5. ***Can an administrative prerogative be implemented during the period of time in which the school is attempting to obtain an application from the household?***

If the school has reason to believe that the student is going without meals in school on a regular basis due to financial need, the school may implement an administrative prerogative immediately.

6. ***What should the school official be looking for as evidence that the student is not getting proper nourishment?***

The student's teacher, the school nurse, or other school personnel in direct contact with the student may notice behavior indicating under nourishment, such as irritability, listlessness, complaints of headache or stomach aches, and absenteeism. School cafeteria personnel may notice that a student has no food during the lunch period or is constantly requesting to charge lunch.

7. ***Can a school official simply write a note to the food service manager to add a student's name to the list of eligible students?***

No. The school official must complete an application that contains the name of the student, the household size, an estimated family income, and a signature of the school official.

8. ***How should the school tell the student and the household that the student will have access to free meals in the school cafeteria?***

The household must be informed of the decision via phone, correspondence, or in person. The student may be told by the teacher, school nurse, or other school official.

9. ***Is an application completed by a school official handled in the same way as those submitted by households?***

Yes. Like other applications, it must be counted for purposes of the claim for reimbursement and retrievable by building during a review. However, the application should not be included in the verification process.

10. ***Can the administrative prerogative be implemented for families or groups of students who appear to be lacking proper nutrition?***

No. Applications must be completed on an individual basis.

11. ***Can an application be completed for a student who appears to be lacking proper nourishment, if the household has indicated that it is not eligible for benefits?***

No. An application can only be completed for students who appear to be missing meals for reasons of financial need. Other problems occurring in a household that may result in poor eating habits, but are not a reflection of family economic status, should not be resolved by this measure.

**P. Meal Eligibility for Homeless Children**

The United States Department of Agriculture (USDA) has acknowledged that the number of homeless children has risen considerably in the last few years, and that parents/guardians who are homeless often fail to return a free meal application, and homeless children are often not included in the direct certification process. While administrators can exercise the administrative prerogative option for determining program eligibility, this process is only intended to be exercised on a case-by-case basis and becomes burdensome in areas where there are many homeless children residing in shelters.

USDA has therefore established the following procedures for all Child Nutrition Programs when an application is not submitted by the household or it is not anticipated that an application will be submitted:

- The director of the homeless shelter at which the child resides can complete and submit an application for the child;
- Local level officials may complete an application for a child and approve the child for free meals based solely on their knowledge that the child's address is a homeless shelter or that the child has no known address and is indeed homeless;
- If large numbers of homeless children make it impractical for a homeless shelter or school officials to complete individual applications, the school administrator may establish a list of eligible students based on his/her knowledge of the family's residence (shelter, address, car, etc.). The documentation necessary to substantiate free meal eligibility for a list of children must contain at a minimum the following information:
  - The child's name
  - The effective date of eligibility determination
  - The name of the shelter, etc., where the child resides
  - The signature of the determining official
  - The date of withdrawal from the shelter, school, or program.

The homeless population can be very transient and their circumstances may change. Therefore, it is imperative that when using a list to document eligibility, the administration review the list monthly and update it as changes occur. **These lists must be kept current by adding new names and removing the names of children who may have left the school or institution or whose circumstances have changed.**

**Q. Food Distribution Program on Indian Reservation (FDPIR)**

Public and nonpublic schools participating in the School Lunch, Breakfast, or Special Milk Programs with children in attendance originating from either the St. Regis Mohawk Tribe or the Seneca Nations of Indians may accept insertion of a Food Distribution Program on Indian Reservation (FDPIR) case number in lieu of household income, food stamp number, or ADC/TANF number.

**R. Food Substitutions for Children With Disabilities**

Federal regulations governing the operation of Child Nutrition Programs and Section 504 of the Rehabilitation Act of 1973 require that children with disabilities be offered the opportunity to participate in all academic and nonacademic activities including the school nutrition programs. To ensure that these children are not denied reasonable access to the programs, the Department of Agriculture's regulations require schools and institutions to make reasonable accommodations, such as providing substitutions in the regular meal patterns, for children who have a disability and whose disability restricts their diet. A student with a disability is defined in 7 4CFR part 15b.3 as one who has "... a physical or mental impairment which substantially limits one or more major life activities..." Major life activities are defined to include functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

Accordingly, meal substitutions must be made for children with disabilities and must be supported by a statement signed by the physician attesting to the need for the substitutions and recommending alternate foods. These meals must be offered at no extra charge. Substitutions may also be made for non-disabled children who are unable to consume the regular meal because of medical or other special dietary needs, though schools are not required to do so in these instances. Substitutions for non-disabled children must be supported by a statement signed by a recognized medical authority. Children with disabilities are not automatically eligible for free meal benefits. Parents must adhere to the same income eligibility criteria and procedures used for all children.

**ANNUAL NEWS RELEASE - PUBLIC ANNOUNCEMENT**

**(Send to newspaper, unemployment office, large area employer contemplating layoffs and keep documentation on file.)**

PROTOTYPE

\_\_\_\_\_ (Local School Food Authority) today announced a free and reduced price meal (Free Milk) policy for \_\_\_\_\_ area school children.

Local school officials have adopted the following family eligibility criteria to assist them in determining eligibility:

(Insert Free and Reduced Price Income Scale)

**Food Stamp/ADC/TANF/FDPIR Households:** Households which currently include children who receive Food Stamps or Aid to Dependent Children (ADC)/ Temporary Assistance to Needy Families (TANF), or the Food Distribution Program on Indian Reservations (FDPIR) must complete an application listing the child's name, a food stamp, ADC/TANF, or FDPIR number and the signature of an adult household member, or provide a Direct Certification letter from the NYS Office of Temporary and Disability Assistance. Children in the household with the same case number may be included on the same application. Separate applications are required for children in the same household with different case numbers. If the family does not list a food stamp, ADC/TANF, or FDPIR number for all children for whom they are applying, then the application must contain all the information as required for "other households" as described below.

**Other Households:** Households with incomes the same or below the amount of money listed above for their family size may be eligible for and are urged to apply for free and/or reduced price meals (or free milk). They may do so by filling in the application forms sent home with a letter to parents. Additional copies are available at the principal's office in each school. Applications may be submitted any time during the school year to \_\_\_\_\_ (Title of Reviewing Official). If a family member becomes unemployed, if the family size decreases, or if family income increases by more than \$50.00 per month, or \$600.00 per year, the family must contact the school to file a new application. The form requests information needed to determine economic need based on the income and number of persons in the family.

The information provided on the application will be confidential and will be used for determining eligibility. The names and eligibility status of participants may also be used for the allocation of funds to federal education programs such as Title I and National Assessment of Educational Progress (NAEP), State health or State education programs, provided the State agency or local education agency administers the programs, and for federal, State or local means-tested nutrition programs with eligibility standards comparable to the NSLP. Eligibility information may also be released to programs authorized under the National School Lunch Act (NSLA) or the Child Nutrition Act (CNA). The release of information to any program or entity not specifically authorized by the NSLA will require a written consent statement from the parent or guardian.

The school district does, however, have the right to verify at any time during the school year the information on the application. If a parent does not give the school this information, the child/children will no longer be able to receive free or reduced price meals (free milk).

Foster children may also be eligible for these benefits. An application for a foster child must contain the child's name, the child's Apersonal use income and an adult signature.

Under the provisions of the policy, the designated official will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the designated official, he/she may make a request either orally or in writing for a hearing to appeal the decision\_\_\_\_\_ (Title), whose address is \_\_\_\_\_ has been designated as the Hearing Official. Hearing procedures are outlined in the policy. However, prior to initiating the hearing procedure, the parent or School Food Authority may request a conference to provide an opportunity for the parent and official to discuss the situation, present information, and obtain an explanation of the data submitted in the application or the decisions rendered. The request for a conference shall not in any way prejudice or diminish the right to a fair hearing.

Only complete applications can be approved. This includes complete and accurate information regarding: the Food Stamp/ADC/TANF, or FDPIR number; the names of all household members; the social security number of the person who signs the form or an indication that the adult does not have one; and the amount and source of income received by each household member. In addition, the parent or guardian must sign the application form, certifying the information is true and correct.

Children from households that meet Federal income guidelines (outlined below) are eligible for free meals or reduced price meals. Reduced price meals cost each eligible student \$.25 for lunch and \$.25 for breakfast. To apply for free or reduced price meals, submit a Direct Certification letter from the NYS Office of Temporary and Disability Assistance **OR** complete the enclosed application, sign it, and return it to the school as soon as possible. Please refer to the guidelines contained in this letter when completing the application. We cannot approve an application that is not complete, so be sure to fill out all required information.

**How to Apply:** To get free or reduced price meals for your children you may submit a **Direct Certification letter received from the NYS Office of Temporary and Disability Assistance, OR carefully complete the application** and return it to the school. If you now receive food stamps, or Aid to Dependent Children (ADC)/Temporary Assistance to Needy Families (TANF) for any children, or participate in the Food Distribution Program on Indian Reservations (FDPIR), the application must include the children's names, the household food stamp, ADC/TANF or FDPIR number and the signature of an adult household member. All children with the same case number may be listed on the same application. Separate applications are required for children with different case numbers. If you do not list a food stamp/ADC/TANF or FDPIR number for all the children for whom you are applying, the application must include the names of everyone in the household, the amount of income each household member, and how often it is received and where it comes from. It must include the signature of an adult household member and that adult's social security number, or the word "none" if the adult does not have a social security number. An application that is not complete cannot be approved. Contact your local Department of Social Services for your food stamp or TANF number or complete the income portion of the application.

**Income Chart:** The following chart lists income levels according to household size and income levels received either yearly, monthly or weekly. If your total household income is the same or less than the amounts on the Income Chart below, your children can get reduced price meals, and may be eligible to receive free meals.

Meal Service to Children With Disabilities: Federal regulations require schools and institutions to serve meals at no extra charge to children with a disability which may restrict their diet. A student with a disability is defined in 7CFR Part 15b.3 of Federal regulations, as one who has a physical or mental impairment which substantially limits one or more major life activities. Major life activities are defined to include functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working. You must request the special meals from the school and provide the school with medical certification from a medical doctor. If you believe your child needs substitutions because of a disability, please get in touch with us for further information, as there is specific information that the medical certification must contain.

Confidentiality: The United States Department of Agriculture has approved the release of students names and eligibility status, without parent/guardian consent, to persons directly connected with the administration or enforcement of federal education programs such as Title I and the National Assessment of Educational Progress (NAEP), which are United States Department of Education programs used to determine areas such as the allocation of funds to schools, to evaluate socioeconomic status of the school's attendance area, and to assess educational progress. Information may also be released to State health or State education programs administered by the State agency or local education agency, provided the State or local education agency administers the program, and federal State or local nutrition programs similar to the National School Lunch Program. Additionally, *all* information contained in the free and reduced price application may be released to persons directly connected with the administration or enforcement of programs authorized under the National School Lunch Act (NSLA) or Child Nutrition Act (CNA); including the National School Lunch and School Breakfast Programs, the Special Milk Program, the Child and Adult Care Food Program, Summer Food Service Program and the Special Supplemental Nutrition Program for Women Infants and Children (WIC); the Comptroller General of the United States for audit purposes, and federal, State or local law enforcement officials investigating alleged violation of the programs under the NSLA or CNA.

The disclosure of eligibility information not specifically authorized by the NSLA requires a written consent statement from the parent/guardian.

Reapplication: You may apply for benefits any time during the school year. Also, if you are not eligible now, but during the school year become unemployed, have a decrease in household income, or an increase in family size you may request and complete an application at that time.

We will let you know when your application is approved or denied.

Sincerely,

***MEAL SERVICES TO CHILDREN WITH DISABILITIES***

Dear Parent/Guardian:

Most children with disabilities have no special dietary needs. They are able to participate in the Child Nutrition Programs the same as all other children in the school. In some instances, however, children with disabilities may experience difficulty when chewing and swallowing, which would require that the physical characteristics of their foods be changed. Some children with severe disabilities may need special foods or a therapeutic diet.

Federal regulations require schools and institutions to serve meals at no extra charge to those children whose disability restricts their diet in such a way that they cannot fully participate in the food service program without some modification to the foods offered or the scheduled menu. If you believe your child needs substitutions because of a disability, please get in touch with us for further information. You must request the special meals from the school and provide the school with medical certification from a medical doctor. This medical certification must contain the following:

- 1) Verification that the special meals are needed due to the student's disability, and
- 2) Recommendation/prescription for alternate foods and forms of foods needed to meet the student's special dietary needs.

If you have questions regarding the need for meal modifications, contact \_\_\_\_\_ at \_\_\_\_\_ for further information.

Sincerely,
