

Order Food Service Sanitation materials.

Child Nutrition Program Administration has several food safety materials available free of charge for the kitchens in your schools.

Fight BAC poster: (2-sided, 22" x 17.5")- promotes keeping foods safe from contamination. One side addresses cleaning, separating, chilling and cooking. The opposite side contains managers', teachers', kids' and parents' activities and surveys regarding food safety practices.

Thermy laminated card: (2 sided, 4" x 7 1/4")- promotes the use of a food thermometer and the importance of keeping hot foods hot and cold foods cold. This is a useful tool for every cook.

Fight BAC laminated card: (2 sided, 4" x 7 1/2")- smaller version of the fight BAC poster with more description. Clean and separate are on one side and cook and chill are on the opposite side. This is an excellent resource for every cook.

If interested in ordering copies of these resources, please e-mail Sragule@mail.nysed.gov. Indicate the items requested, number needed and an address where materials should be sent.
