Subject: **Coordinated Review Effort (CRE)**
School Meals Initiative (SMI) Monitoring Meetings

Date: September 12, 2007

IMPORTANT NOTICE - TIME SENSITIVE INFORMATION

Approximately 250 school food authorities (SFAs) are scheduled for a Coordinated Review Effort (CRE) and approximately 235 SFAs are scheduled for a School Meals Initiative (SMI) review of their child nutrition programs during the 2007-08 school year. Although the meetings will be held consecutively on the same day, CRE and SMI are **two distinct review processes** that will be conducted separately during the school year by different staff in the event that your SFA is scheduled for both reviews.

The **CRE review** is required by federal regulations to be conducted once every five years to improve child nutrition program management through technical assistance, monitoring, and corrective action. CRE is a comprehensive on-site evaluation of compliance with federal and State laws and regulations and provides us with the means to monitor the use of federal funds and preserve the nutritional integrity of meals served through the child nutrition programs. CRE reviews conducted during the past few years have identified many regulatory violations that required fiscal sanctions. Our recovery of previously reimbursed funds can potentially cause fiscal hardship to an SFA's child nutrition programs.

The **SMI review** is also required by federal regulations to be conducted once every five years with the goal of improving the nutritional integrity of meals served under the child nutrition programs. SMI is a comprehensive on-site review of the food production and meal service to evaluate the nutritional content of school meals to ensure compliance with the Dietary Guidelines for Americans and certain nutrient standards.

Public Law 108-265 signed by President Bush on June 30, 2004 requires substantial changes to the child nutrition programs since the 2005-06 school year affecting applications, verification, food safety, etc. Therefore, we are inviting staff from SFAs scheduled for a CRE and/or an SMI as well as any others interested in attending any of 6 locations in New York State to adequately prepare for their reviews. We strongly encourage staff, including the business official, food service director or manager and others to take advantage of this training opportunity so that they will be fully aware of the SFA's responsibility during the CRE and/or the SMI review process. The person(s) responsible for reviewing and/or verifying the free and reduced price applications should also attend the CRE meeting.

-over-

Attached is a listing of the SFAs that are scheduled for a CRE review and/or an SMI during the 2007-08 school year. Please review the listing very carefully to see if your SFA appears because this will determine if your staff needs to attend the CRE portion or the SMI portion or both sessions. Please note that at each location, the SMI session will be held immediately following the CRE meeting; therefore the starting times listed for the SMI portion are approximate. Please plan to arrive early if you are only attending the SMI session in the event it starts earlier than the time specified. If your school district/facility is on either or both listings, it is to your advantage to have the appropriate staff in attendance at the applicable meeting(s).

By conducting these meetings and increasing awareness of our expectations, we hope to reduce the incidence of fiscal sanctions in the CRE review process, as well prepare SFAs and their staff for the SMI review, so that all necessary paperwork is available. All meetings are open to everyone; therefore, SFAs not scheduled for a CRE and/or SMI review this year are also invited to attend.

A listing of the meeting sites and travel directions is enclosed. You and/or your staff may register to attend a meeting by calling or faxing the registration form to the contact person listed at the site you plan to attend. If you have any questions about the meetings, please call the contact person.

These sessions will be conducted at a facility, which will, to the greatest extent possible, meet the accessibility needs of individuals with disabilities. In addition, if special accommodations such as interpreters, large print or Braille materials are needed, please notify the contact person.
